# Washer's Tournament RULES

## Basic Scoring

## Player Positioning

- Each team will have a player situated at opposing game boards
- Foul line is front of washer board, either standing on or to the side

## Scoring

- Washer must drop into hole completely to score (points shown left). A knocked in washer counts for the owner of that washer.
- Covers: after a player has thrown 3 washers, the other player can cancel out the opponents score by throwing their washer(s) in the same hole.
- Winning team is first to 21 points EXACTLY
  - \* Must throw all washers remaining in hand
  - \* Remaining washers MUST hit board, if miss - points go back to starting score, game resumes
  - \* If a washer is made and those points give you more than 21 total, subtract the washer's points from starting score, game resumes (ex: I have 18 points and make a 5 hole. Since I busted 21, I now drop back to 13 points (18- 5)
  - \* If a Bust occurs, round is not over for that team. If the team still has washers, they can continue to improve their score on the same turn.
  - \* Both teams hit 21 same turn, points go back to 12

## Player Turns

- Team that scores most on particular throw, their teammate must throw first on next play.
- Team that covers on particular throw, their teammate must throw first on next play.

## Elimination Rounds

- Single elimination ALL Rounds until FINAL 8 teams remain
- Final 8 teams: winner advance from Best 2 out of 3.
